All-in-one magazine speed loader and unloader!

- Simple to use in either mode
- Eliminates thumb pain and injury
- Eliminates wear on feed lips
- Prolongs magazine life
- Lightweight and fits in pocket
- Reliable in all weather
- Durable reinforced polymer
- Tested and combat proven

CAUTION:

1. Stop loading/unloading upon excessive resistance from the lever, if the magazine is full or jammed.
2. Always check that the magazine is fully emptied after unloading.

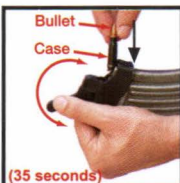

NOTE:

The manufacturer shall not be liable for direct, indirect, incidental or consequential damages arising from misuse, accident, neglect or from customer adjustments to the LULA® loader & unloader.

Operating Instructions:

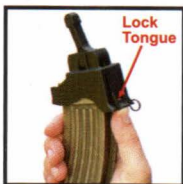

ATTACHMENT: Pull up the lever from the body; contact front ends first, then angle the **LULA** loader to a 'click' of the lock tongue on the rear catch of the magazine.

LOADING: Move the lever up and down repeatedly with one hand while dropping rounds, case first, into the mag. with the other hand.

UNLOADING: Point bullets downward; repeatedly move the lever up and down to unload the rounds. Use a cushioned surface to receive the rounds.

DETACHMENT: Slightly lift the lock tongue with thumb and pull the **LULA** loader away from the mag.

MINIMIZE: Just push the lever into the body.
